Dear 2006 *energy right* Award Winner:

It is with great pleasure that TVA and participating distributors of TVA power inform you that your company is the 2006 Tennessee Valley-wide winner of the *energy right*® Award.

Your commitment to the *energy right* program is evident through the outstanding results you have achieved this year by installing the highest number of qualifying heat pumps and/or new homes in 2006. Through your work many families are enjoying the benefits of superior comfort, safety and energy efficiency in their homes.

We offer this award in appreciation for all that you have done to improve the quality of life for the residents of the Tennessee Valley. Your TVA marketing representative will personally deliver your 2006 award trophy. We hope you will display it proudly as a reminder of this great accomplishment. We are working with your local public power company to send press releases to local newspapers and regional trade publications announcing your company's achievement. Additionally, we are providing recognition for your company on our websites: www.energyright.com and www.energyrightpartners.com.

Again, let us congratulate the people of your company for their dedication to the energy efficiency ideals of the *energy right* program. We look forward to many more years of partnership and even greater success in the future.

Sincerely,
