Number of heat pumps installed at above location: _____

Contractor's Signature: _____ Date: _____

Inspector's Certification:

I certify that to the best of my knowledge each heat pump system installed and inspected at the address listed above was inspected in accordance with and met Program requirements,

Number of heat pumps inspected at above location: _____

Inspector's Signature: _____ Date: _____

Important Notice to Customer:

There is no Guarantee or Warranty, express or implied, from your power distributor or TVA as to the work performed, any of the improvements installed, or their adequacy or effectiveness. Customer is responsible for making any inspections to assure Customer's interests are protected. For split-type Dual Fuel Heat Pumps, Customer is responsible for having a qualified gas or oil heating specialist check the gas or oil-fired forced-air furnace system to which the heat pump is added. Customer is advised to have this done.

By signing, Customer agrees that the work has been satisfactorily completed and certifies that any weatherization improvements have been satisfactorily installed. Customer further provides TVA permission to conduct quality assurance audits of the work and improvements and acknowledges that these audits and any Program inspections are solely for the benefit of the power distributor and TVA to help assure Program purposes are being achieved and create or imply no duty or obligations to Customer.

Customer is responsible for notifying Power Distributor when work is completed.

Customer's Signature: _____ Date: _____
